# HEALTH IN THE TERRITORY FOCUS OF NEW SOCIAL

The Virus still infects because it is changeable

The only known weapon is the Vaccine

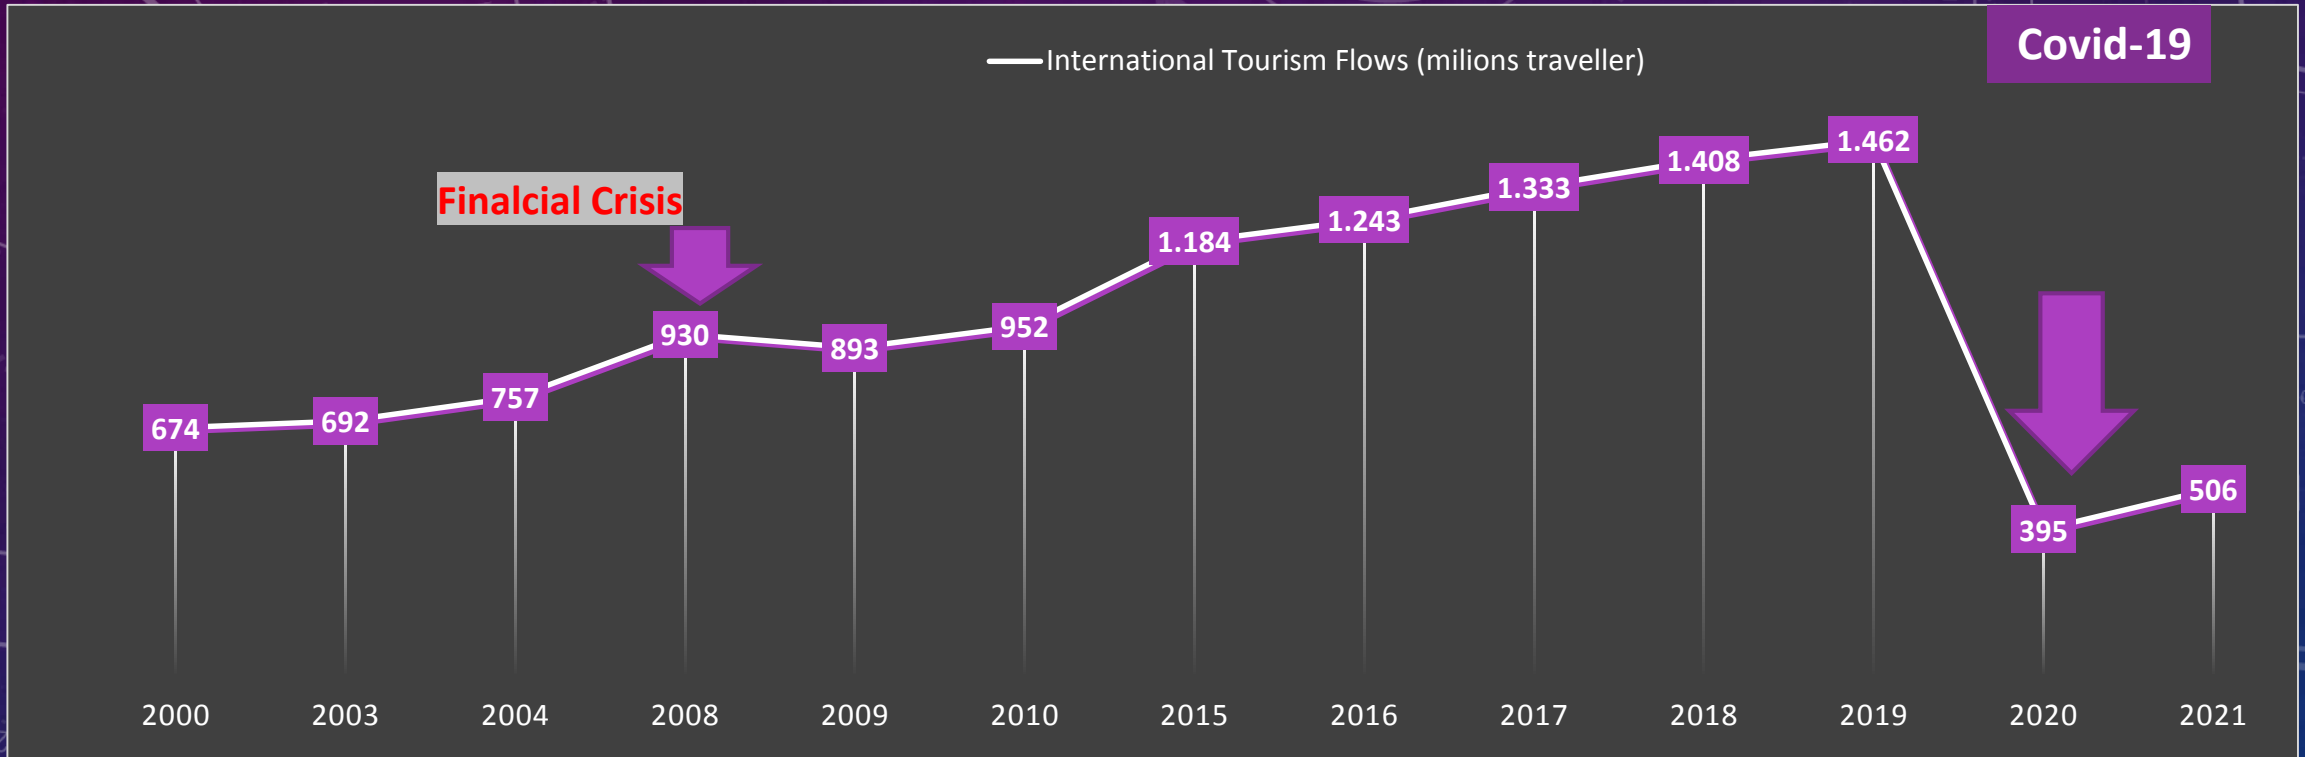

**7,810,000 inoculated  
Vaccine doses**

**3,330,000 people  
fully vaccinated  
(1,080,000 in China)**

**Number of people fully vaccinated November 24,2021**

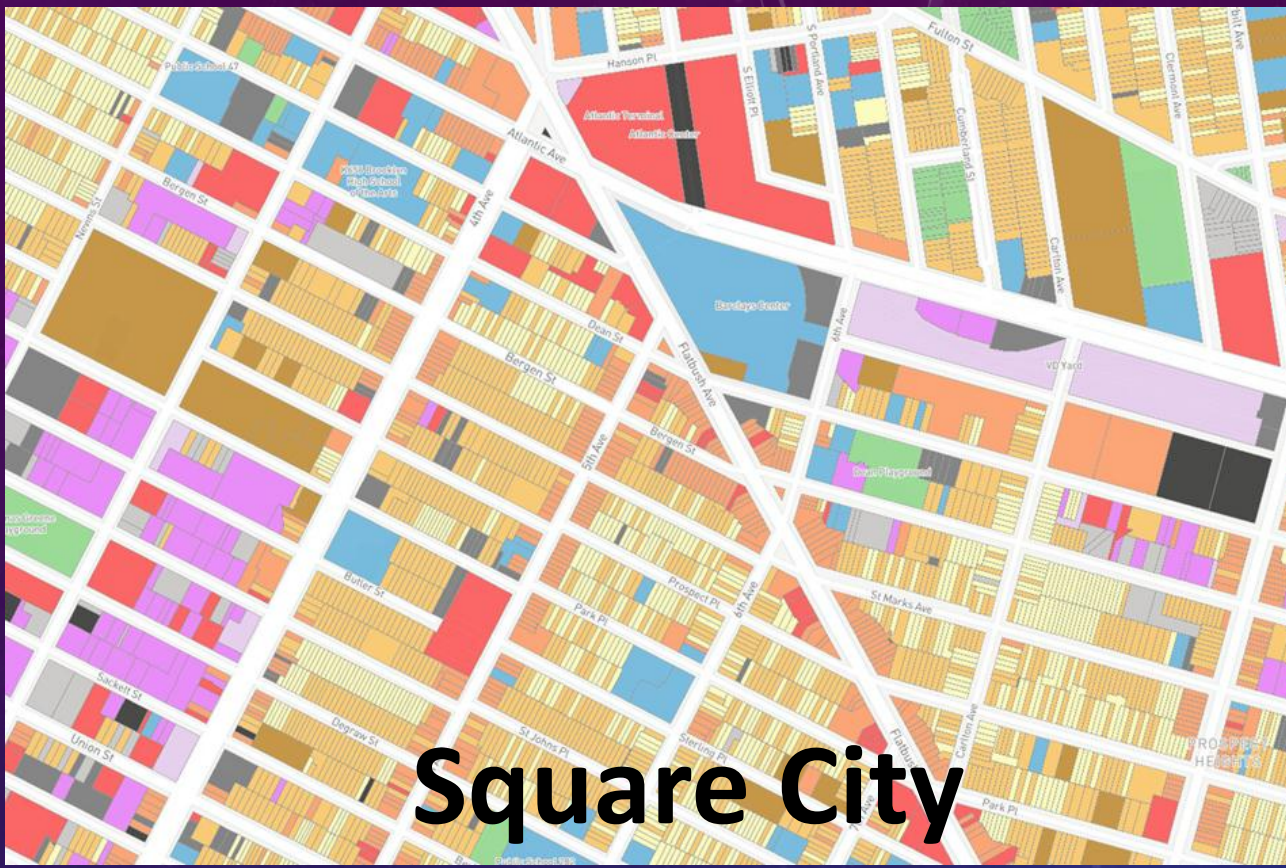

**Travel restrictions have brought about a halt to the processes of globalization : re-shoring, increase in raw materials cost, logistic problems, increase in remote working, migration conflict**

**In addition to health, the pandemic has impacted economic and social conditions by increasing inequalities. To cope with the crisis large public investments can stop the polarization on large cities by enhancing widespread territories**  
**As CITTASLOW we have to actively participate in this decisions**

# ECOLOGICAL TRANSITION IS THE RECOVERY STRATEGY...BY SIMPLIFYING

**Square City**

**Circular City**

**Put in Value Proximity, Creativity and Solidarity**

**Adopt the principles of circularity and respect of natural and human capital**

**Use the Social impact method for investments and projects**
